

# Make your supply chain credit-ready and free up cash flow with our total trade automation platform.

## Increase business efficiency with minimal process changes.

Our trade automation platform, Hylobiz, simplifies your SME supply chain ecosystem by automating cash flow, compliance, inventory, invoice management, collections, and reconciliations. With very little or zero process changes for SMEs.

## How does Hylobiz work?

Businesses today have to contend with

Delays in invoice collections

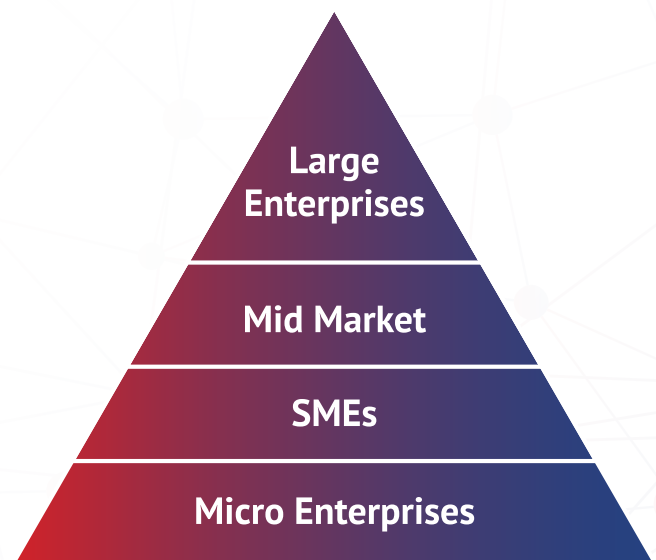

Poor cash flow

Poor access to credit

Difficulty in compliance management

Hylobiz solves these problems by bringing all the members of the supply chain ecosystem and the banking partners on to one platform. We seamlessly connect businesses to facilitate fast, easy, automated commerce, cash, compliance and credit for the entire supply chain.
